Portfolio

KEY SKILLS & TECHNOLOGIES

Core Tech	Python (Django, FastAPI, Flask) · JavaScript (React, ES6+) · SQL / PostgreSQL · HTML5 · CSS3
ML & Data	XGBoost · scikit-learn · SHAP · Keras / Autoencoder · Streamlit · pandas · NumPy · Matplotlib · Seaborn · Jupyter
FinTech	Trading systems · Liquidity & volume analysis · Risk management · Financial APIs (Binance, Alpaca, yfinance) · Pine Script
Tools & DevOps	Git / GitHub · Docker · Heroku · CI/CD · Azure AZ-900 (in progress) · Postman · VS Code · Agile/Scrum

KEY PROJECTS

Credit Card Fraud Detection - ML Flagship 2026

Python · XGBoost · SHAP · Keras · Streamlit · Heroku

github.com/SteveDok22/credit-card-fraud-detection | Live: credit-card-fraud-detection-st-4cbb00a4456a.herokuapp.com

- End-to-end ML pipeline following CRISP-DM across 7 Jupyter notebooks - data cleaning, feature engineering, model training and evaluation.
- XGBoost classifier with SHAP explainability for transparent fraud scoring; Autoencoder for unsupervised anomaly detection on imbalanced data.
- 7-page interactive Streamlit dashboard enabling real-time transaction scoring and model interpretation for financial stakeholders.

TradeSim Pro - Full-Stack Trading Simulator 2026

Django 5 · React 18 · PostgreSQL · JWT · Binance API · Alpha Vantage · Heroku

github.com/SteveDok22/TradeSim-Pro | Live: tradesim-pro-stiven-62203fadbb77.herokuapp.com

- Full-stack trading simulator with real-time crypto and forex price feeds via Binance and Alpha Vantage APIs.
- Features portfolio tracking, trade execution engine, watchlists, and comprehensive P&L; analytics with JWT authentication.

PacifiqueTrade Indicator 2.0 - Automated Forex Signals 2026

Python · Pine Script v5 · TradingView · Telegram API

github.com/SteveDok22/PacifiqueTrade-indicator2.0

- Automated Forex signal system for GBP/USD, EUR/USD, USD/JPY with multi-timeframe analysis and institutional liquidity zone detection.
- Python automation with Telegram notifications; full test coverage across 14 modules.

PROFESSIONAL EXPERIENCE

Full-Stack Software Developer May 2025 - June 2026

Code Institute - Diploma Graduate, AI Cores Specialization

- Delivered 5 production portfolio projects across full stack and ML.
- Applied CRISP-DM methodology, Agile workflows, and CI/CD practices; all projects deployed to Heroku with PostgreSQL backends.

Hackathon Participant - KYC Drift Detection & Dynamic Risk Profiling Jun 2026

SwissHacks 2026 · Tenity · SIX Group · Zurich

- Built Sentinel Drift Engine - a real-time KYC drift detection system for AMINA Bank's Dynamic Risk Profiling challenge. FastAPI backend, XGBoost scoring, SHAP explainability, BOCPD changepoint detection, Claude API for LLM-powered explanations, and multi-source data integration (OpenSanctions, GLEIF, GDELT, Zefix). Presented to banking industry judges at SIX Group Zurich.

Hackathon Participant - AI Geopolitical Risk Platform Aug 2025

JiVS · Data Migration International & Infosys

- Developed GeoRiskGuard Pro - an AI-powered geopolitical risk intelligence platform for enterprise operations across 56+ countries, presented to Infosys stakeholders.

Independent Trader & FinTech Specialist <i>Self-Directed · Crypto & Forex Markets, Zurich</i> - Developed and applied liquidity-based strategies across GBP/USD, EUR/USD, USD/JPY, BTC, ETH. - Built custom Pine Script indicators and Python automation systems with Telegram integration. - Deep expertise in risk management and data-driven decision making.	2019 - Present
Culinary Professional - SWISS First Class Lounge <i>GateGroup · Zurich Airport</i> Leadership and operations in high-standard airline catering; process optimisation, team coordination, quality control under pressure.	Jan 2024 - Present
Station Chef / Chef de Partie - Michelin-Level Restaurants <i>Beluga · Varoulko · Hyatt Regency · Switzerland, France, Greece, Russia</i> Precision, adaptability, and performance under pressure - skills directly transferable to high-stakes systems development.	2014 - 2023

EDUCATION

RQF Level 5 Diploma in Full Stack Software Development (AI Specialization) <i>University of the West of Scotland (accredited) Code Institute</i>	Completed 2026
Microsoft Azure Fundamentals AZ-900 <i>Certification in progress</i>	2026
RQF Level 5 Diploma in Culinary Arts <i>Cardiff Metropolitan University, UK (accredited) Swiss Alpine Center</i>	2013 - 2016
